

Chapter 3

Collection Development Policy

3.0. Policy Statement

Africa University Library Collection Development Policy is intended to guide the selection of resources to be added to the collection, whether by purchase or through donations. It is used in the allocation of funds and in the effort to obtain additional funding from endowments, donations or grants.

3.1. Purpose

- i. Provide information resources in print and electronic media necessary to execute the University's mandate in teaching and research.
- ii. Build a collection which supports the work of staff and students.
- iii. To clarify the criteria used by the Library for selecting resources.
